

Dear Principal,

I am glad to extend an invitation to you to visit our beloved Japalouppe Equestrian Centre. As the founder of this exciting place, I can assure you that your experience here will be nothing short of magical.

At Japalouppe, we have created a haven where animals and humans can coexist in harmony. We believe in fostering a profound connection with our animal friends, promoting empathy, and instilling a sense of wonder for the incredible diversity of life on our planet.

The sheer joy of being in the presence of these wonderful creatures, your visit will be a wholesome educational experience. We offer guided petting and feeding tours, informative talks, and hands-on activities that will give you deeper insights into the animal world and our conservation efforts.

During your visit, you will have the opportunity to meet and interact with a wide array of animals, each with its own unique charm and personality. From our gentle farm animals to the exotic residents, every creature at our farm holds a special place in our hearts.

Our dedicated team of caretakers and volunteers work tirelessly to ensure the well-being and happiness of our animal residents. As you explore the farm, you will witness firsthand the love and devotion we invest in their care.

So, mark your calendar plan with us for a day filled with joy, wonder, and unforgettable moments for your students, staff and you at Japalouppe. Your visit will not only create cherished memories but also contribute to our ongoing efforts to care for our animal companions.

We eagerly await your arrival and the opportunity to share the love of Japalouppe with you.

Yours lovingly,  
Lorraine More, Founder & Director,  
Japalouppe Equestrian Centre

# INTRO TO THE JAPALOUPPE PETTING FARM EXPERIENCE

Japalouppe Equestrian Centre was set up by Lorraine More and her son Rohan More at Somatane Phata, Talegaon in 1998 with the primary vision of promoting Horseback riding as a sport in Maharashtra, India.

Over the years- the need of introducing another experience which would be fun, educational, and hands-on for children and adults alike was felt. This thought propelled Ms. Lorraine to set up an animal petting section with pets and farm animals about a decade ago.

Today, we house about 24 different types of birds and animals- most of which are either adopted or rescued. All our animals are :

- ✓ human friendly
- ✓ vaccinated
- ✓ approachable
- ✓ dewormed

## Our Purpose

Animals have always played an integral role in fostering a sense of responsibility in young minds. Our animal petting farm experience would provide students with a unique opportunity to interact directly with animals in a safe and controlled environment. By engaging with various farm animals, students will gain valuable knowledge about animal behaviour, anatomy, and their contribution to our ecosystem.

## IMPORTANCE OF ANIMAL EDUCATION

	Promotes empathy and compassion		Builds knowledge of ecosystems & conservation
	Enhances environmental awareness		Encourages outdoor engagement
	Teaches respect for life		Life science education
	Stimulates curiosity and inquiry		Enhances social development
	Supports inter disciplinary learning		Emotional well-being

Incorporating animal education into the school curriculum offers a multitude of benefits for children's cognitive, social, and emotional development. It fosters a deep connection with nature, promotes responsible and ethical behaviour, and equips children with knowledge and skills to become stewards of the environment.

Specializing in educational programs for students, we have a strong track record of delivering safe and engaging experiences, with trained staff members who will guide students and staff throughout the interaction process.

## Our Offering

Set in a lush green 10-acre property, the students shall enjoy a 45-minute guided petting tour. The school may opt to have a freshly cooked meal as a part of the package or may choose to carry their own refreshments. For children above the age of 8 years, we shall also present a horse-riding lesson demonstration

We are more than willing to work closely with the school administration, teachers to plan the logistics, schedule, and safety protocols required for a successful and memorable experience for your students.

## TENTATIVE SCHEDULE

check in	9 or 10am
snack	30 mins

orientation	15 mins
